

Tour & English Breakfast

We held our 2018 Tour and English Breakfast on May 6th. The weather was perfect for top down motoring and we had an excellent turnout of 37 people!

We gathered at the usual spot at the Rio-Can Shopping Centre, just off 17th street, but the coffee shop that used to be there no longer exists, so coffees etc. were not available. Ron Muir, in his Healey, met us at the gathering point to see us off, but couldn't make the run with us. Sorry, Ron, it was a nice run! Nineteen cars made the tour.

We set out at 10:30 am and headed south on 17th street over the Henday and then continued on less traveled, paved, country roads until we turned onto Highway 21 for a short ten minute run to the Miquelon Lake turnoff. After turning onto the North Miquelon Lake road we followed its interesting, winding route to the Spilstead Road intersection and then headed north to the Footloose Caboose, which has been hosting our English Breakfast for the last few years. Everyone seems to enjoy this location as the food is pretty good and there is a lot to see wandering around the outdoor museum after enjoying our meal.

Will & Cherie Keith, Dennis & Linda Coulthard and Evan & Sharon Verchomin took their own routes and were there to greet us when we arrived. Roy Coulthard was also on hand with his long awaited and

newly restored '67 MG Midget. A fine restoration that should get a lot of use!

Al and Robbie Morrison drove their '54 MG TF which was the oldest car on the run this year. Matt and Pat came in their daily driver, Jonathan in

his Jag and Gerry in his MGB. Rolly and Donna had a bit of a misfiring problem with the Spit, but after some brief parking lot maintenance it seemed to have been sorted out. John and Dee probably drove the farthest in the Tiger. Inez and myself drove my MGB as Inez had just got her's out of winter storage. Howard was driving his BMW as the Morgan was still sleeping!!

A good event and thanks to all who came out to make this a successful start to our driving events for the summer.

Phil
